I know that we usually do attendance of who was there but it was easier for me to say who was absent, LOL

Dennis D. Was able to attend via zoom. Thank you to the WSLD committee for making that possible.

Apologies for posting the wrong time on Loomio. Dave forgot that there was a time change and therefore a few of you could not attend virtually. Sorry!

We welcomed visitors, there were about 7 of them.

WB/NAWS attendance at WSZF 2022 (Dave)

- The world board and NAWS are currently not traveling right now. This is due to limited funds.

- Dave had brought up the discussion that we do have the money to fund them if we would like them to attend our zonal forum in January.
- It was decided that a poll would be put on Loomio with two options:
 - OPTION 1: Ask them to attend virtually
 - OPTION 2: Fund them to attend
- Tina will create and post this poll.

Anything from the floor for discussion

Doug, RD Pacific Cascades Region:

- There was discussion at his RSC regarding sponsorship behind the walls. They currently do not have this service and wanted to bring the idea to this body.
 - How does the zone feel about creating a zonal service of sponsorship behind the walls.
- A lot of discussion happened. Basically there were many regions offering support and collaboration.
- Alaska also mentioned that they were interested in starting sponsorship behind the walls as well
- As the discussion continued we realized that there were regions in our zone that either did not have the service, or they do provide the service but are backed up and need help with overflow.
- There was not support in making this a zonal service but we definitely want to continue the conversation about how we can help and support all of our member regions with what they need.
- A decision was made to create a spreadsheet with all of our regions on it and the information about sponsorship behind the walls. Whether they have it, want it or need help. Tina was tasked with creating the spreadsheet and will post it on Loomio.
- It was also asked that this body come to WSZF in January with all of their ideas on how to collaborate with each other regarding sponsorship behind the walls. Training materials? How to send overflow to other regions? A possible collaboration with two or more regions? Any ideas you guys might have. This will be an agenda item at WSZF 2022.

ACTION ITEMS:

- ★ Feedback on trainer video. This is posted on Loomio
- ★ Look out for hotel info for WSZF 2022.
 - BOOK YOUR ROOMS!

The meeting closed a little after seven. We prayed out and then went to support our girl Mandy who was the kick off speaker that evening! (she killed it btw, mic drop!)

This did not happen at our meeting but I just want to say thank you to everyone from our zone who helped present at WSLD. There were quite a few of us who were of service! We rock!

I'm not the worlds best secretary so if I missed something, I am sure you will tell me! Hahahah
Thanks for letting me be of service- Tina N.
